

ROSEBUD CONSERVATION DISTRICT

PO Box 1200, Forsyth, MT 59327 (406) 346-7333

bobbi.vannattan@mt.nacdnet.net

Please complete the survey below and return to the Forsyth conservation offices at your earliest convenience. Responses received prior to March 15 will influence our conservation efforts this year.

1. Are you interested in committing time, money, or other resources to address any of the conservation issues below?
Please rank your top 5 concerns (or less) with 1 being the most important to you.

- | | | |
|--|--|---|
| <input type="checkbox"/> wildfire hazards | <input type="checkbox"/> petroleum pollution | <input type="checkbox"/> soil compaction |
| <input type="checkbox"/> forest health | <input type="checkbox"/> agricultural odors | <input type="checkbox"/> nutrient pollution |
| <input type="checkbox"/> water pollution | <input type="checkbox"/> agricultural productivity | <input type="checkbox"/> water quality |
| <input type="checkbox"/> livestock shelter | <input type="checkbox"/> biological diversity | <input type="checkbox"/> wind erosion |
| <input type="checkbox"/> weeds | <input type="checkbox"/> aquatic habitat | <input type="checkbox"/> pesticide pollution |
| <input type="checkbox"/> livestock water | <input type="checkbox"/> streambank erosion | <input type="checkbox"/> storm water management |
| <input type="checkbox"/> flooding | <input type="checkbox"/> riparian corridors | <input type="checkbox"/> seasonal high water table |
| <input type="checkbox"/> soil fertility | <input type="checkbox"/> grazing land health | <input type="checkbox"/> food production & availability |
| <input type="checkbox"/> wetlands | <input type="checkbox"/> sediment in surface water | <input type="checkbox"/> wildlife populations |
| <input type="checkbox"/> loss of agricultural lands | <input type="checkbox"/> soil erosion | <input type="checkbox"/> pollinator habitat |
| <input type="checkbox"/> drifted snow | <input type="checkbox"/> salt affected soils | |
| <input type="checkbox"/> wildlife habitat | <input type="checkbox"/> irrigation water use | |
| <input type="checkbox"/> agricultural sustainability | <input type="checkbox"/> low soil organic matter | |

2. What do you think the solution is to your highest priority conservation issue?

3. What types of resources could you contribute to addressing these conservation issues?

- | | | |
|--------------------------------------|---|--|
| <input type="checkbox"/> equipment | <input type="checkbox"/> community organization | <input type="checkbox"/> pictures |
| <input type="checkbox"/> money | <input type="checkbox"/> trainer | <input type="checkbox"/> support letters |
| <input type="checkbox"/> labor | <input type="checkbox"/> videos | <input type="checkbox"/> event participant |
| <input type="checkbox"/> land access | | |
