

July 2014 Kenzie

I'm Kenzie Stahl and I am one of the summer interns for the Conservation District. This month I have spent time both in the field and in the office. In the office I have been updating the website as well as working on our cover crop presentation for Fair.

I have been lucky enough to get a lot of opportunity for field work. So far, I have gone out with Kami and Robert Killian. With Robert, we did NRI which was a huge learning experience and a lot of fun! Kami has taken me out to help with implementation, certification, and inventory. I have now started to get in touch with producers to set up a time to come out and look at the 310 projects they have done. I have learned a lot already this summer and am very excited for the rest of it!
